

I am writing regarding the vote on media consolidation. If you go ahead with the vote on June 2, you will be disregarding the views and opinions of the American people. You have refused to even release the actual language of the rule change -- it would not be known until after the vote. You, Chairman Powell, have the power to delay the rule change and allow time to have a democratic debate about its consequences. It is extremely important to have a real public debate on this issue.
